

There are 50 parolees and 22 known sex offenders living in Arcadia

The Arcadia City Council is not taking this seriously.

1. There are 22 known sex offenders and 50 parolees living in Arcadia.
2. The City Council has allowed our police staffing to diminish to where we are now short 15 police officers from our full strength. That is almost 40% of the officers assigned to patrol your neighborhoods.
3. In the last 2 years, 12 experienced officers have left Arcadia to work for other Cities that provide more resources for public safety.
